Title: Tourette's Syndrome and Tics: Children with Nervous Disorders in Child Care 1.0

Learning Objective(s):

- Review terminology associated with Tourette's Syndrome
- Recognize that gestures made by children are involuntary
- Recognize the range of symptoms that can be exhibited by children with a nervous disorder such as Tourette's Syndrome
- Review case study examples of how the disorder may appear

Topical Outline of Content	Resources Used
<p>Define and discuss terminology:</p> <ul style="list-style-type: none"> - Motor tics, vocal tics, simple tics, complex tics - Atypical speech - Coprolalia, echolalia, and palilalia - Dysgraphia - Executive dysfunction - NOT a behavioral or conduct problem! <p>Discuss other disorders commonly seen associated with Tourette's Syndrome (ADHD, OCD, depression)</p> <p>Discuss what happens if children try to suppress tics, or their tics are pointed out to them</p> <p>Environmental factors that may impact Tourette's children/tics and other related issues plus strategies to create a supportive environment</p> <p>Review/Questions</p>	<p>PPT available if lecture/discussion method is not preferred</p> <p>Demonstration/Examples</p> <p>https://www.youtube.com/watch?feature=player_detailpage&v=XtFlvS8NNGg</p> <p>https://www.youtube.com/watch?feature=player_detailpage&v=WmPaVvSejfo</p> <p>https://www.youtube.com/watch?feature=player_detailpage&v=tRoEWjNhBUE</p> <p>https://www.youtube.com/watch?feature=player_detailpage&v=bQ1AFjU3hIA</p> <p>Tourette's patient 9</p> <p>www.tourette.org</p>

Method(s) of Outcome Evaluation:

Health Issue Trainings are developed utilizing best practice references such as the "Kansas and Missouri Core Competencies for Early Childhood and Youth Professionals" (Content Area V: Health and Safety), and the National Health and Safety Performance Standards, "Caring for Our Children." Consultants developing new lessons for Health Issue Trainings should use this template and submit to the CCHC Program Manager, for submission to the Missouri Workshop Calendar for Program approval. Health Issue Trainings already approved by the CCHC Program Manager and the MO Workshop Calendar are approved for use by any contracting LPHA. Approved lesson plans are reviewed by the CCHC Program Manager at a minimum of every three years, and are therefore considered approved if in circulation until otherwise instructed by the CCHC Program Manager.
